

## **Syneron Medical Ltd. selects OIKOS Software, Inc. *Cloud-based Solutions for Planning, Reporting and Analytics***

**MANCHESTER, NH - June 2, 2015** - OIKOS Software®, Incorporated (OIKOS SW) today announces that Oracle user Syneron Medical Ltd. has selected OIKOS SW's suite of cloud-based financial applications for planning, reporting and analytics.

OIKOS SW addresses time and accuracy issues that small-cap, mid-size and larger companies face when using spreadsheets or packaged financial applications for financial reporting. Its treasury suite of products, OIKOS Delos®, OIKOS Theta™, and OIKOS Sigma™ measure and forecast stages within the cash-conversion-cycle, allowing a best practice process to manage working capital. OIKOS SW's financial suite of products, OIKOS Gamma™- cash flow forecast, OIKOS Delta™ - budgeting/planning and OIKOS Beta™ - statement reporting, are scheduled releases during 2015. OIKOS SW targets release of its tax suite, OIKOS Alpha™ and OIKOS Omega™, UTP calculations and reporter in 2016.

“We are pleased to welcome Syneron Medical Ltd to the OIKOS SW's family of customers. Our experience in support of big data users, are breaking barriers and navigating limitations. OIKOS SW applications supply users with efficient and sustainable solutions. Each application breathes life into the financial reporting cycle providing integrity, control and time reduction to close,” said Janice Leahy, CEO. “We are committed to serving Syneron Medical Ltd's corporate executives, financial team and external auditors with a clear view of what is financially occurring within their organization.”

### **About OIKOS Software ([www.oikossoftware.com](http://www.oikossoftware.com))**
